

The screenshot shows a terminal window within a software interface. The terminal has two tabs open: 'exp4.c' and '2026-02-10-file-1.term'. The '2026-02-10-file-1.term' tab is active and displays the following text:

```
~/2026-02-03-file-1/OPS EXPERIMENTS$ ./output4
Enter number of processes: 2
Enter burst times:
P1: 12
P2: 34

FCFS Scheduling:
Process Burst Time    Waiting Time    Turnaround Time
P1                  12                 0                12
P2                  34                12               46

Enter Time Quantum for Round Robin: 4

Round Robin Scheduling (Time Quantum = 4):
Process Burst Time    Waiting Time    Turnaround Time
P1                  12                 8                20
P2                  34                12               46
~/2026-02-03-file-1/OPS EXPERIMENTS$
```

The left side of the interface features a vertical sidebar with various icons and labels for navigation and management, including 'Projects', 'file.c', 'OPS', 'Assistant', 'Server', 'Terminal', 'Edit', 'View', 'Go', 'Help', and several system status indicators like battery level and signal strength.
